

CLOTHING CARE

Washing Clothing Care Tips

- Check your clothing tags, read thoroughly to determine how the clothes should be washed dried and ironed.
- Empty your pockets before you load the machine.
- Check the recommended amount on your detergent package.

Drying Clothing Care Tips

- Do not place garments with remaining stains in dryer; the heat will set the stain — re-treat and re-wash.
- Do not dry wool, rubber, plastic, or any item containing chemicals.

Complete the cycle for better results

HE detergents are designed to generate fewer suds and traps dirt

Stain Removal Boosters

work with your detergent to help remove tough stains the first time.

Detergent

should not be overused. Always check the recommended dose on the package.

Fabric Softeners

help protect your fabrics in the wash from pilling and fraying. They add a layer of softness to your fabrics.

Dryer Sheets

Fabric rubbing together in the dryer causes static. Bounce Dryer Sheets fight static in the dryer.
